A LETTER FROM THE CEO

Nevada Donor Network passionately serves more than 3 million Nevadans and thousands more across the country. We coordinate, recover and allocate lifesaving organs and healing tissues for transplantation and research. In collaboration with dedicated hospital and community partners, we honor the wishes of heroic donors and their courageous families to give those waiting a second chance at life.

OUR MISSION MAKES HOPE, STRENGTH and LIFE POSSIBLE

- ♥ Thousands who await lifesaving and healing transplants have HOPE thanks to those who register as organ donors.
- ♥ Courageous families gain STRENGTH knowing they are helping those in desperate need of a transplant.
- ♥ Heroic donors make second chances at LIFE possible for thousands of grateful recipients each year.

Currently, **more than 100,000 people nationwide are on the waiting list for a lifesaving transplant - including about 600 Nevadans.** They need us. We dream of a Nevada with no need for a waiting list. Your support helps bring us closer to making that dream a reality!

Please dare to dream with us. We look forward to seeing you on August 27th at our Inspire Gala - "an immersive blue and green experience."

Sincerely,

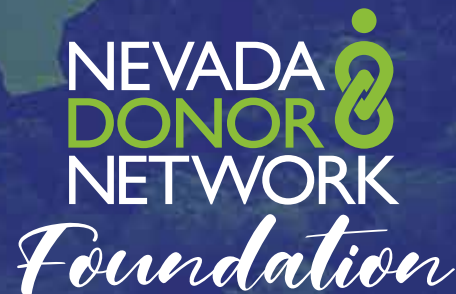

JOSEPH FERREIRA

President & CEO, Nevada Donor Network

NEVADA DONOR NETWORK FOUNDATION

The mission of the Nevada Donor Network Foundation is to partner with Nevada Donor Network and the community to lead the advancement of healthcare in Nevada. **Our vision is to have a full-scale transplant institute to anchor and drive the growth of the healthcare sector in Nevada.**

The Nevada Donor Network Foundation was born from a dream to end the waiting for hundreds of Nevadans and thousands of Americans on the national organ transplant waiting list. We believe Nevada must follow the lead of other states and expand services through the development of a full-scale transplant institute to meet the health and economic development needs of the future. Therefore, the creation of a transplant institute represents a vital step in establishing Nevada as a center for healthcare innovation. It also provides the key to growing the physician workforce, research and commercial spin-off activities. Once liver and kidney transplant programs are established, adult and pediatric heart programs then lung programs can immediately follow.

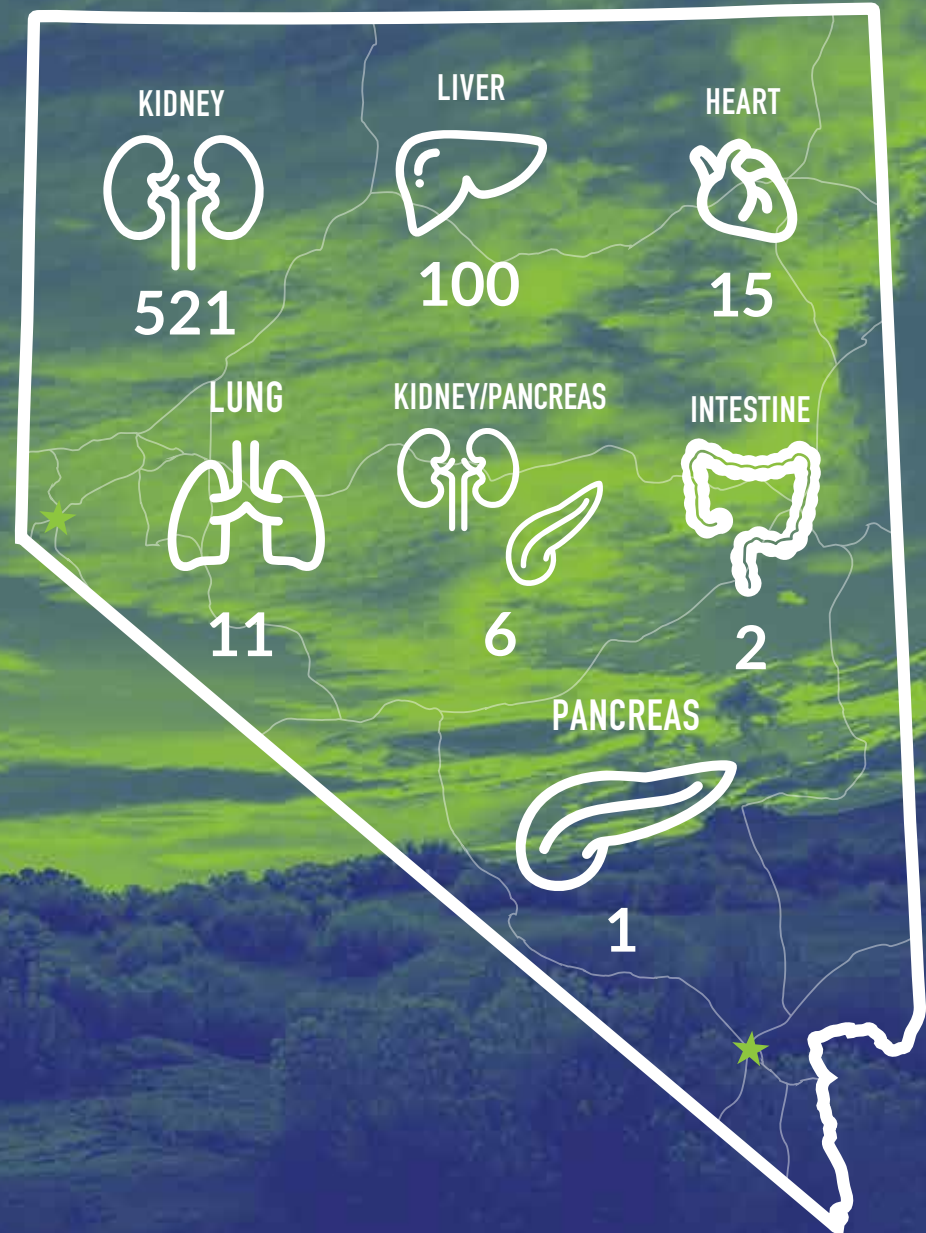

640 NEVADANS ARE WAITING FOR:

Together, we can

**END
THE
WAIT**

**and change the
future for
Nevadans.**

HOSTED BY THE MOLASKY FAMILY

Since 1951, The Molasky Group of Companies has designed and developed properties in all aspects of the real estate industry spanning office, commercial, residential, multi-family, retail, healthcare, aviation, law-enforcement and correctional properties.

With more than sixty-five years of experience, the company focuses its efforts on build-to-suit projects for clients with specific and exacting standards relating to the design, build and finance of properties. They are mission specific and meet the demands of the dynamic workspace. They have returned to multi-family construction with projects in the Pacific Northwest and Southern California.

The Molasky Group is client driven and focused on client's mission. Their designs and buildings encourage greater communication, collaboration and increased operational efficiencies. The company is large enough to be efficient and cost effective, but small enough to be adaptable and highly responsive to client's and tenant's needs.

The Molasky Group of Companies team with highly skilled and competitive architects and general contractors who employ state-of-the-art strategies to build cost effectively while offering a diversity of client-driven services. The management team thinks 'outside the box' to provide unique solutions to a client's needs.

LAUREN MOLASKY FIERST

Lauren Molasky Fierst is a Las Vegas native and mother of two who has been battling cystic fibrosis since birth. Determined to never let her disease define her, she lives a life full of gratitude for all of the experiences she is able to have. Despite having a chronic, progressive and debilitating disease, her main focus is her children, while she also focuses on raising awareness and advocating for cystic fibrosis and organ donation. She moved to southern California to be listed for and receive a double lung transplant.

After many years in the fashion industry as a designer, stylist and blogger, she shifted her focus to a passion project and published her first book, *The Sky Cracked Open* while in end stage CF. During the height of covid, her declining health forced her to live in the hospital for months on end while waiting for a match. She received her life saving double lung transplant in October of 2020 and has lived each day since grateful, excited and hopeful for the future while accomplishing a variety of endeavors. She lives in Las Vegas with her amazing husband, son, daughter and dog Charlie.

ABOUT THE RAILROAD ARTS DISTRICT

The Railroad Arts District is an art-centric neighborhood located within the Las Vegas 18b Arts District. Our vision is to create a social platform for Las Vegas locals, visitors and artists to develop a realm with its own and distinct identity of a creative culture. Our mission is to provide our community with Live, Work and Play amenities for all that is creative at heart.
