NEVADA DONOR NETWORK'S

INSPIRE HOPE

A FABULOUS, FUNKY, IMMERSIVE AFFAIR

AUGUST 19TH, 2023

Downtown Railroad Arts District

Hosted by the Molasky Family

LETTER FROM THE CEO

Nevada Donor Network passionately serves more than 3 million Nevadans and thousands more across the country. We coordinate, recover, and allocate lifesaving organs and healing tissues for transplantation and research. In collaboration with dedicated hospital and community partners, we honor the wishes of heroic donors and their courageous families to give those waiting a second chance at life.

OUR MISSION MAKES HOPE, STRENGTH & LIFE POSSIBLE...

- ♥ Thousands who await lifesaving and healing transplants have HOPE thanks to those who register as organ donors.
- ♥ Courageous families gain STRENGTH knowing they are helping those in desperate need of a transplant.
- ♥ Heroic donors make second chances at LIFE possible for thousands of grateful recipients each year.

Currently, over 100,000 people nationwide are on the waiting list for a lifesaving transplant – including 627 Nevadans. They need us. We dream of a Nevada with no need for a waiting list. Your support helps bring us closer to making that dream a reality! We need you. Please dare to dream with us. We look forward to seeing you on August 19th at Inspire Hope - a fabulous, funky, epicurean event.

NEVADA
DONOR NETWORK
Foundation

THE MISSION OF THE NEVADA DONOR NETWORK FOUNDATION IS TO PARTNER WITH NEVADA DONOR NETWORK AND THE COMMUNITY TO LEAD THE ADVANCEMENT OF HEALTHCARE IN NEVADA. OUR VISION IS TO HAVE A FULL-SCALE TRANSPLANT INSTITUTE TO ANCHOR AND DRIVE THE GROWTH OF THE HEALTHCARE SECTOR IN NEVADA.

The Nevada Donor Network Foundation was born from a dream to end the waiting for hundreds of Nevadans and thousands of Americans on the national organ transplant waiting list. We believe Nevada must follow the lead of other states and expand services through the development of a full-scale transplant institute to meet the health and economic development needs of the future. Therefore, the creation of a transplant institute represents a vital step in establishing Nevada as a center for healthcare innovation. It also provides the key to growing the physician workforce, research and commercial spin-off activities. Once liver and kidney transplant programs are established, adult and pediatric heart programs then lung programs can immediately follow.

TOGETHER,
WE CAN
