A FABULOUS, FUNKY, IMMERSIVE AFFAIR

AUGUST 17<sup>TH</sup>, 2024

Downtown Railroad Arts District Hosted by the Molasky Family

#### LETTER FROM THE PRESIDENT

Nevada Donor Network proudly partners with the community to honor the wishes of heroic donors and their courageous families to provide hope, strength and life to those waiting on their second chance at life.

## OUR MISSION IS TO SAVE AND HEAL LIVES THROUGH ORGAN, EYE AND TISSUE DONATION.

- We bring HOPE to more than 100,000 people waiting on a lifesaving transplant, thanks to those who register as organ donors...
- STRENGTH to the courageous donor families who chose to help those in desperate need of a transplant...
- And honor to the heroic donors that provide the gift of LIFE to thousands of grateful recipients.

More than 100,000 people nationwide are on the national organ transplant waitlist, including more than 600 Nevadans. We dream of a Nevada with no need for a waiting list. It is only with the support of our community that we can make that dream a reality.

We look forward to sharing our appreciation that your support gives to all Nevadans at Inspire Hope, a fabulous, funky and immersive affair on August 17, 2024.

JOEFERREIRA PRESIDENT & CEO **NEVADA DONOR NETWORK** 

THE MISSION OF THE NEVADA DONOR NETWORK FOUNDATION IS TO PARTNER WITH NEVADA DONOR NETWORK AND THE COMMUNITY TO LEAD THE ADVANCEMENT OF HEALTHCARE IN NEVADA. OUR VISION IS TO HAVE A FULL-SCALE TRANSPLANT INSTITUTE TO ANCHOR AND DRIVE THE GROWTH OF THE HEALTHCARE SECTOR IN NEVADA.

The Nevada Donor Network Foundation was born from a dream to end the waiting for hundreds of Nevadans and thousands of Americans on the national organ transplant waiting list. We believe Nevada must follow the lead of other states and expand services through the development of a full-scale transplant institute to meet the health and economic development needs of the future. Therefore, the creation of a transplant institute represents a vital step in establishing Nevada as a center for healthcare innovation. It also provides the key to growing the physician workforce, research and commercial spin-off activities. Once liver and kidney transplant programs are established, adult heart programs then lung programs can immediately follow.
